Hi Cyril,

your vision for the entrance of St John's Hill?

The plans for an additional entrance in brighton yard look good. I guess it would relieve overcrowding in the current ticket hall and underpass. For those who live in the lavender hill / latchmere road area, the entrance from the car park on the east side of the existing building is also used quite extensively. I would strongly back keeping an entrance on this side of the existing building, for quick access to and from the platforms.

Many thanks for putting our views forward.

Kind Regards,

Paul Forrester
