Dear Clapham Junction Action Group.

Apologies for late response.

Actually I don't mind going "high" (skyscrapers) really, not ideal but it's not a very beautiful area.

What I would like to know is who on earth approved the "new development" a number of years ago allowing the shop fronts to run along the same line as before <sup>so as to</sup> allowing for adequate stopping areas for buses / taxis. It was obvious from the start what would happen — totally unnecessary congestion (taxis need to stop elsewhere (Vannote back) & the front shops - Halifax etc need to be demolished to allow for (another) a bus stopping area shopping — unimportant — I suppose helps & underpass needs a "clean up".
